

How would you design Twitter?

## High Level Notes

There is no right answer.

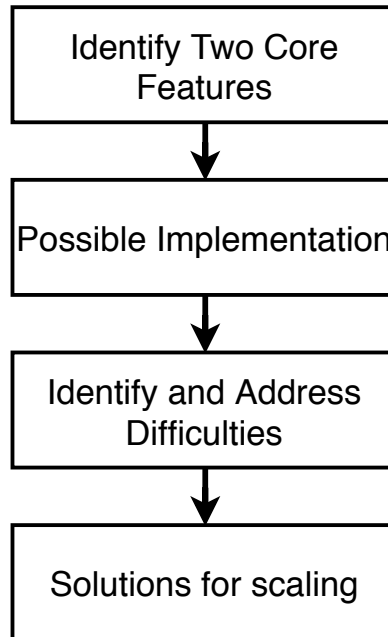

Every interviewer will expect a different  
answer

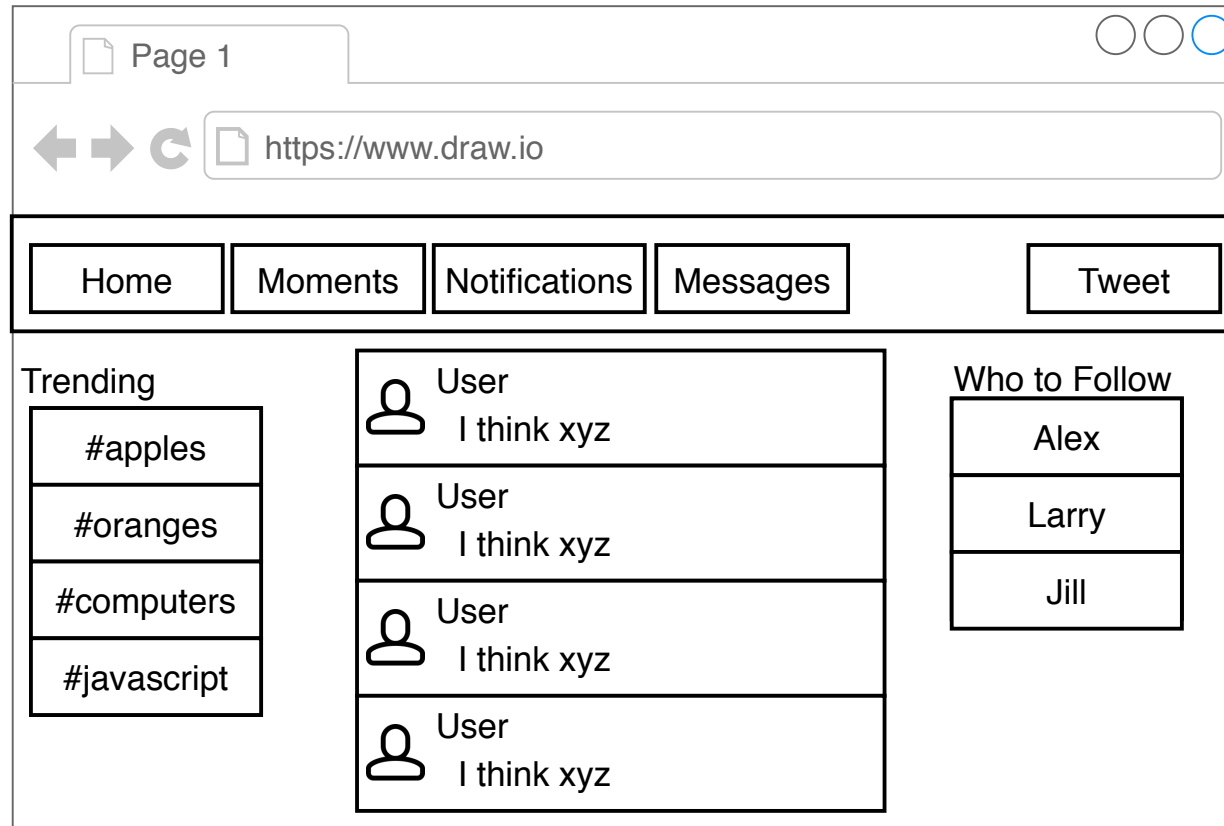

Focus is usually on the data model

Don't mention specific technologies

Draw stuff

*Talk*

## Tweeting

What does a tweet look like in the DB?

How to make the  
'#topic' and  
'@mention' systems?

How to implement  
retweets?

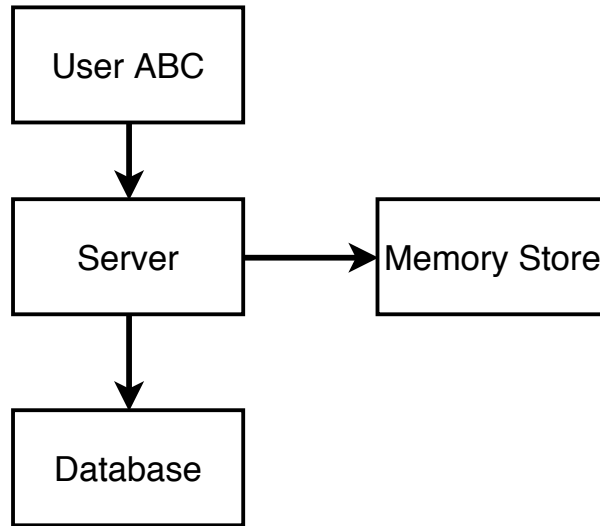

## Feed

How to show  
interesting tweets at  
top of feed?

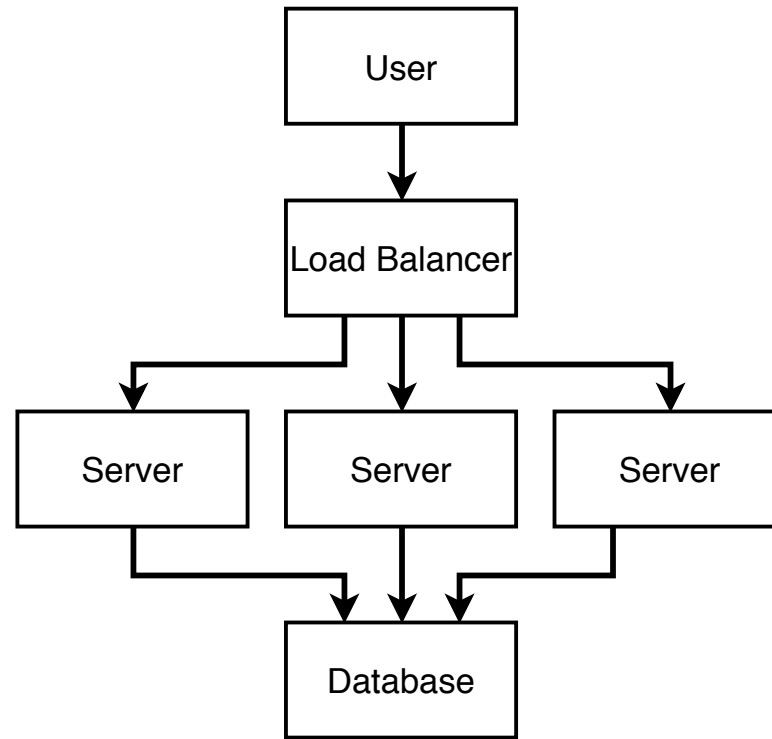

## Scaling for Users

Caching

Deployment Options

## How to Get Help
